TONY'S SLICE

A bold stacked wordmark for Tony’s Slice uses a lime square inside the O to create a simple focal point that adds punch and memorability.

Brand guidelines

The mark

Horizontal is the default. Stacked for square spaces. The symbol alone for favicons, avatars and stamps.

Keep empty space around the logo equal to the height of the symbol on every side. Nothing enters that area: no text, no edges, no other marks.

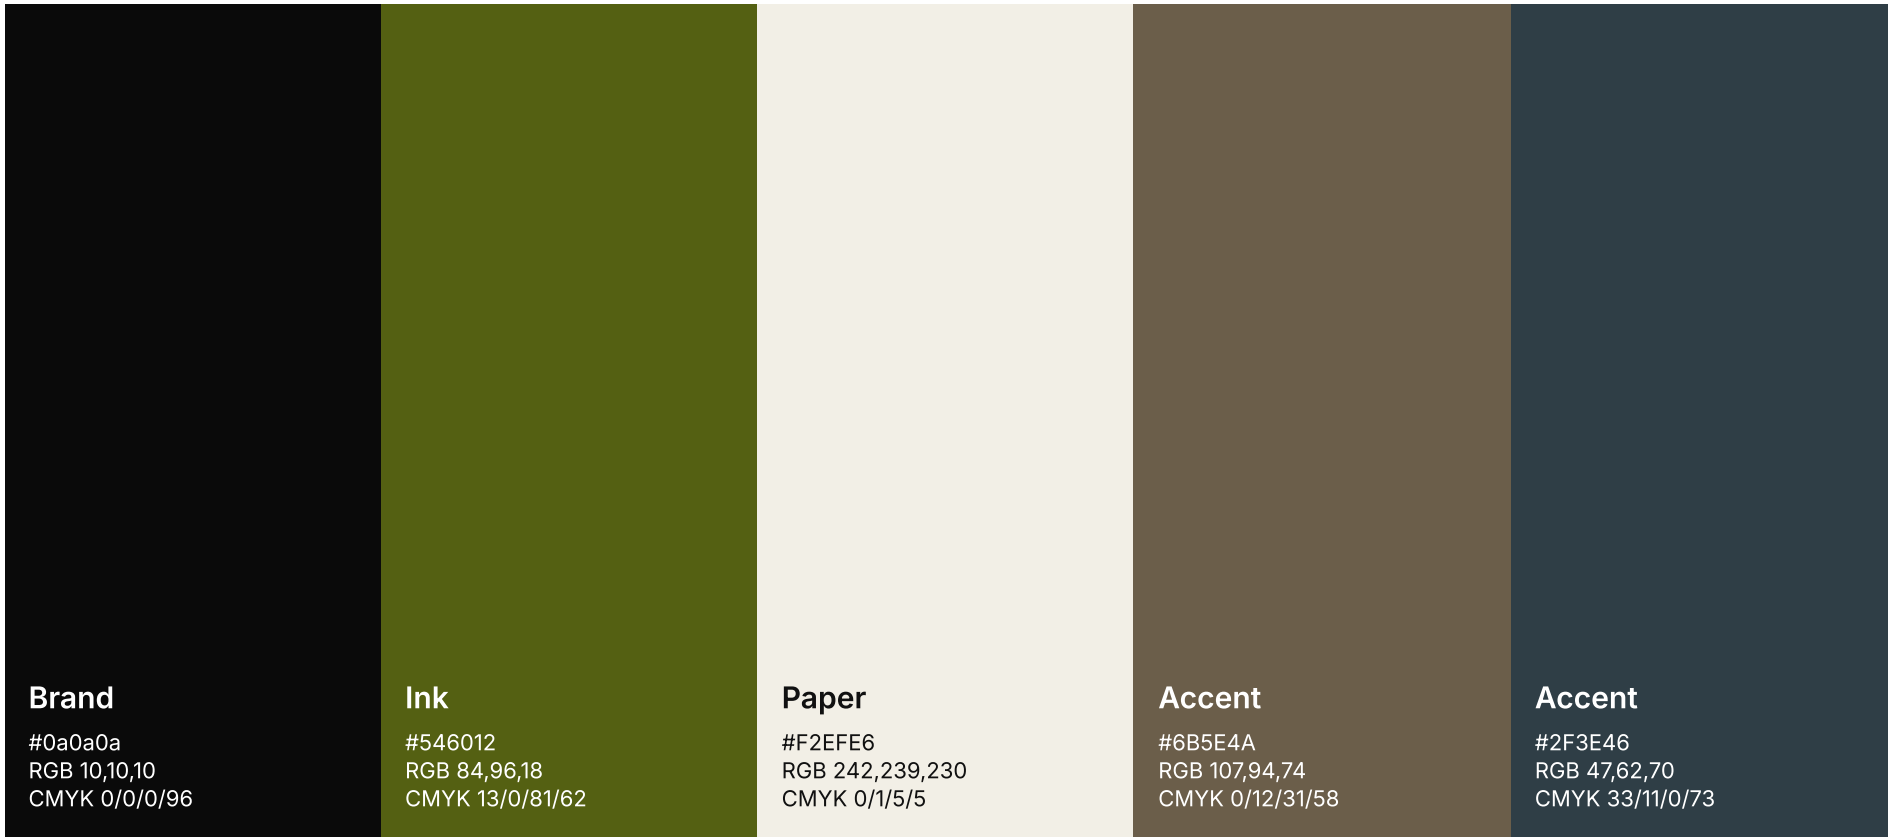

24 px on screen

symbol: 16 px

In print: the horizontal logo at least 20 mm wide.

Color

CMYK values are a starting point; ask the printer for a proof on the real material.
